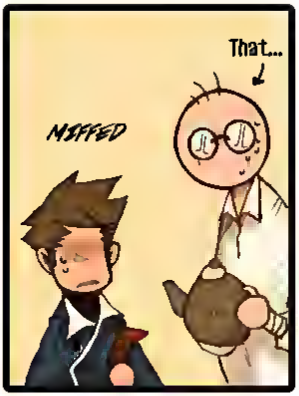
Why am I...?

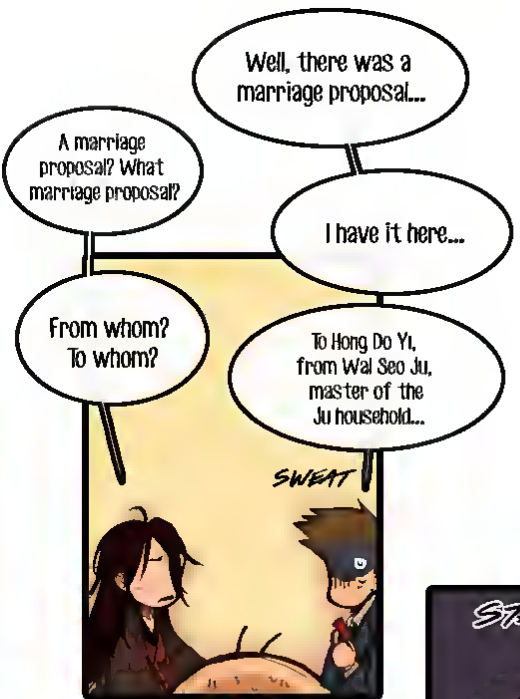
You're not from the village, are you? Are you travelers?

Something like that. I'm lookin' for something, so I move from place to place.
Ah, I....

I'm trying to find Hong Do Yi, the only daughter of the Great General of Gyo, Si Baek Yi.
I heard she was in this village, but I don't have many leads.

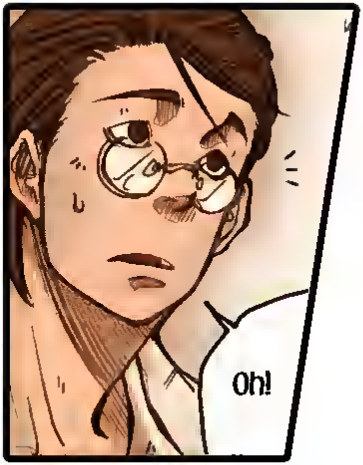
Ah, you're not together!
Why are you looking for that?





Well, there was a marriage proposal...
A marriage proposal? What marriage proposal?
I have it here...
From whom? To whom?
To Hong Do Yi, from Wal Seo Ju, master of the Ju household...
SWEAT

HE LOOKS LIKE HE WANTS TO TEAR IT UP



Oh!

Huh? Are you leaving already?
Yes. I've an orphan to look after now.

You always work hard.
.....
He doesn't work here?

Haha, no, I don't. See you tomorrow then.
BOW

Hm? You mean Professor Hwang?
He's not a worker. He's the manager of this site.
Manager?
Yes, he's a government official from the countryside. The construction we're doing is to build a dam.
I hear they build them in western countries in order to have more farmland and prepare for the floods.

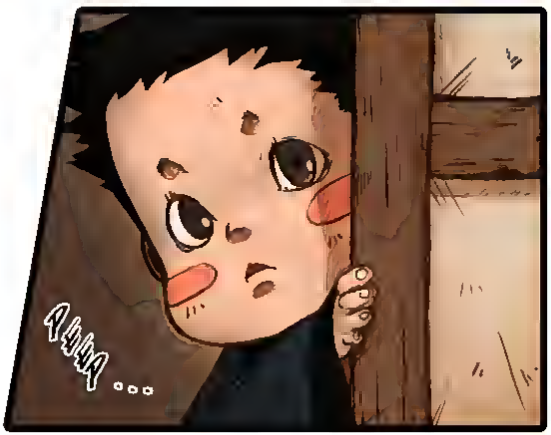
Originally, Professor Hwang was the son of a local rich man.
When his parents died, he traveled to the western countries and learned their ways.
His house had collapsed, and he'd left the village like he'd been driven away.
Now, he does government work. If his father knew he'd roll with laughter.

They say it's unlucky to block the waterway, but...
Kid, I'm home!
URGH

Kid?

Rustle

I brought you food!



Professor Hwang is a good guy. He looks after an orphan and teaches him to write.

No matter what I say, we're eating and working because of him.
I hope this construction ends safely.
I can't speak. The atmosphere's too heavy.
.....

NOW THEN!
